Automation Proposal

#ExperienceWozart
Many ways to access your home

Wozart Smart Homes

India's most advanced wireless automation solution

Wozart is a retrofit, wireless and modular automation solution, making it a perfect system for a single appliance to complete building automation. Using Wozart devices, you can control, monitor and automate your home through voice and touch on any smart device from anywhere in the world. From phones to laptops, watches to televisions, speakers to refrigerators, Wozart responds to all. Wozart devices are integrated with the world's leading smart home ecosystems: Apple HomeKit, Google Home, Amazon Alexa and Samsung SmartThings.

Get the holistic smart home experience without making any expensive renovations to your home. Wozart's products are designed to fit naturally into the home and integrate with other smart devices offering a complete experience. Wozart devices work with a range of 10,000+ compatible products.

Products

Wozart Switch Controller

Wozart Switch Controller is a Wi-Fi enabled smart device that fits inside a switch box and enables control of four independent electrical appliances or circuits. Wozart Switch Controller can control connected loads using voice assistants, mobile app, through automation or via physical switches. Wozart Switch Controller can control 3 connected loads up to 600W and one load up to 1800W.

Interoperability

Wozart Sense

Wozart Sense is a multi-sensor & universal IR remote controller. Along with detecting motion, it measures ambient temperature, humidity and light intensity. Wozart sense is also capable of controlling all your remote-controlled appliances like TV, AC, Set-top box, music players and many more. It allows you to create automations based on sensor outputs. It can turn on the lights and set Air conditioner temperature to your preference based on the time of the day, when you walk into a room.
